Design by Initiative, LLC was formed with the promise to ourselves to develop the highest integrity business relationship with our partners (which others call customers). It is this partnership approach to doing business which makes us unique. We will bring our combined experience together to provide the end user with a product that exceeds their requirements and expectations.

We achieve this by doing what we say we will do. No empty promises or corner cutting. We are constantly seeking better and more economical ways to bring value to our partners. We have a simple philosophy of focusing on a few partners and providing service beyond compare. We want to build our business upon solid relationships, forged in the fires of mutual respect and benefit. To this end, we would like to have an opportunity to earn your business in this spirit of partnership.

Our specialty is custom enclosure solutions. Our knowledge, experience and cooperation in arriving at a superior and competitive acoustic solution for you will become evident. Of course, we can handle the common or basic enclosure as well. Our web page is [www.designbyinitiative.com](http://www.designbyinitiative.com) and we can be contacted at the email addresses or phone numbers found on the "contact us" page.

We thank you for your time and look forward to working with you into the future!
